Introduction

Congress adopted the Nursing Home Reform Act in 1987 as part of the Omnibus Budget Reconciliation Act (OBRA '87). This federal law was designed to improve the quality of care in long-term healthcare facilities and define training and evaluation standards for nursing assistants who work in such facilities. Each state is responsible for following the terms of this federal law.

As defined in the OBRA regulations, a Nurse Aide Competency Evaluation program provides specific standards for nurse aide-related knowledge and skills. The program's purpose is to ensure that candidates seeking to be nurse aides understand these standards and can competently and safely perform the job of an entry-level nurse aide.

This handbook describes the nurse aide competency examination process and is designed to help prepare candidates for testing. The examination has two parts: a multiple-choice knowledge test and a skill test. Candidates must pass both parts to be identified and listed on the California Nursing Assistant Registry.

The California Department of Public Health (CDPH) has approved D&S Diversified Technologies, LLP (D&SDT)-Headmaster, LLP to provide tests and scoring services for nurse aide testing. For questions not answered in this handbook, please contact D&SDT-Headmaster at (800)393-8664 or go to D&SDT-Headmaster's [California Nurse Aide \(NA\) webpage](#) or at www.hdmaster.com and click on 'California CNA'. The information in this handbook will help you prepare for your examination.

California Licensing and Certification Program

The California Department of Public Health, Professional Certification Branch, Aide and Technician Certification Section is primarily responsible for certifying nurse assistants by ensuring applicants adhere to the [California Health and Safety Code, Section 1337-1338.5](#).

Information regarding licensing and certification can be obtained at:

Certified Nursing Assistant (CNA) Initial Application - CDPH 283B

REMINDER: You must complete and submit directly to CDPH a Certified Nursing Assistant (CNA) Initial Application (CDPH 283B): <https://www.cdph.ca.gov/CDPH%20Document%20Library/ControlledForms/cdph283b.pdf>

- You may submit this CNA initial application (CDPH 283B) through the new CDPH Online Submission Portal. Please see the link below for directions and more information.

<https://www.cdph.ca.gov/Programs/CHCQ/LCP/Pages/Online-Submission-Page.aspx#>

CNA REGISTRY PLACEMENT REJECTION

The primary reason for the rejection of placement on the CNA Registry is that the CNA applicant did not submit a "CNA Initial Application" to CDPH upon starting a CNA training program, as required by CNA regulations.

Without this initial application on file, test results cannot be accepted into the CDPH CNA database, and the applicant remains ineligible for certification.

Another common reason for rejections, although not as frequent, is the applicant's personal information discrepancies. If the name, social security number, or date of birth listed on the CNA testing application does not match the information provided on the initial application that CDPH has on file, the test results will also be rejected.

Recommendations for applicants to avoid their test results being rejected: *Call CDPH and-*

- Confirm that your initial application is on file with CDPH.
- Ensure that the name, date of birth, and social security number they have on file with D&S-DT-Headmaster match exactly with the information on record with CDPH.

Americans with Disabilities Act (ADA)

ADA Compliance

The California Department of Public Health (CDPH) and D&S-DT-Headmaster provide reasonable accommodations for candidates with disabilities or limitations that may affect their ability to perform the nurse aide competency examination. Accommodations are granted in accordance with the Americans with Disabilities Act (ADA).

If you have a qualified disability or limitation, you may request special accommodations for examination. D&S-DT-Headmaster must approve accommodations in advance of examination. Complete the [ADA Accommodation Request Application](#) found on the California TMU© main page under 'APPLICATIONS' to be reviewed for accommodation.

ADA Accommodation Request Applications submitted without the required supporting documentation of a diagnosed disability will not be reviewed until the required documentation is provided. D&S-DT-Headmaster will email you if further documentation or information is required using the email in your TMU© account.

Please allow additional time for your request to be approved. If you have questions regarding the ADA review process or specific required documentation, please call D&S-DT-Headmaster at (800)393-8664.

Refund of Testing Fees Paid

Requesting a refund of testing fees paid is different than rescheduling a test date. Requesting a refund means that you are not interested in taking the California Nurse Aide Competency exam at all.

SCHEDULED IN A TEST EVENT

- 1) If you are scheduled for a test event, you must request a refund of the testing fees paid by filling out and submitting the [Refund Request Form](#) on D&SDT-Headmaster’s California webpage at www.hdmaster.com at least one (1) full business day before your scheduled test event (excluding Saturdays, Sundays, and holidays). No phone calls will be accepted.
 - *Example:* If you are scheduled to take your exam on a Friday, you would need to request a refund by close of business (D&SDT-Headmaster is open until 5:00PM Monday through Friday Pacific Time) the Wednesday before your scheduled exam.
- 2) Refund requests made in the required time frame qualify for a full refund of any testing fees paid minus a \$35 refund fee.

NOT SCHEDULED IN A TEST EVENT

Unforeseen Circumstances Policy

If an exam date is canceled due to an unforeseen circumstance, D&SDT-Headmaster staff will make every effort to contact you using the contact information (phone number/email) we have on file to reschedule you for a mutually agreed-upon new test date at no charge.

Therefore, you must keep your contact information up to date in case we need to contact you (**see examples below for reasons we may not be able to contact you that you are responsible for.*)

If D&SDT-Headmaster is unable to reach you via phone call or email with the information in your record (**see examples below*) due to an unforeseen circumstance for a test event you are scheduled for, you will be removed from the test event, and D&SDT-Headmaster will not reschedule you until we hear back from you.

NOTE: The *examples listed below are your responsibility to check and/or keep updated.

- If D&SDT-Headmaster leaves you a message or emails you at the phone number or email in your record and:
 - you do not call us back in a timely manner
 - your phone number is disconnected/your voice mailbox is full
 - you do not check your messages in a timely manner
 - you do not check your email or reply to our email in a timely manner
 - your email is invalid, or you are unable to access your email for any reason

See more information under '**No-Show Exceptions**'.

No-Show Status

If you are scheduled for your exam and do not show up without notifying D&SDT-Headmaster at least one (1) full business day before your scheduled testing event, **excluding** Saturdays, Sundays, and holidays, OR if you are turned away for lack of proper identification, proper attire, or any other reason to deem you ineligible to test, you will be considered a **NO-SHOW STATUS**. You will forfeit all fees paid and must sign in to your TMU© account to repay or submit a new testing fee to schedule a new test event.

These fees partially offset D&SDT-Headmaster costs incurred for services requested and the resulting work performed. If a reschedule or refund request is not received at least one full business day before a scheduled test event, excluding Saturdays, Sundays, and Holidays (see examples in this handbook's '**Schedule / Reschedule a Test Event**' and '**Refund of Testing Fees Paid**' sections), a NO-SHOW STATUS will exist. You will forfeit your testing fees and must repay the full testing fee to secure a new test event.

NO-SHOW EXCEPTIONS

CALIFORNIA CERTIFIED NURSE AIDE EXAM RESULTS REPORT

IMPORTANT TEST RESULTS
 TEST DATE: Thursday, September 30, 2021
 Dear Makayla,
 You have **failed** the skill portion of the Certified Nurse Aide exam.
80% or better on each skill task without missing any **Key Steps** to pass the skills test.
 Any weaknesses indicated in your test results are listed below:

Skill Exam Incomplete Steps

Pivot-Transfer Resident from Bed to Wheelchair using a Gait Belt
 Properly places gait belt around residen...

Manual Skill Task(s) Failed: Pivot-Transfer Resident from Bed to Wheelchair using a Gait Belt

NOTE: Federal and State regulations allow healthcare facilities to employ students for up to 120 days from the day employment and training is offered in an approved facility-based nurse aide training and competency evaluation program. However, if you fail three (3) attempts on either portion of the state competency exam, the facility can no longer employ you to perform nurse aide duties.

Test Attempts

You have **three (3) attempts** to pass the exam's knowledge and skill test portions **within two (2) years** from your date of nursing assistant training program completion. If you do not complete testing within two years from completion of training, you must complete a new California Department of Public Health-approved training program to become eligible to further attempt California NA examinations.

Retaking the Nurse Aide Exam

If you fail the knowledge and/or skill portion of the examination, when you want to apply for a retest, you will need to repay for the portion you failed before you can schedule a new exam date.

You can schedule a test or re-test online by signing in to your TMU© account at ca.tmutest.com. (See this handbook's '[Schedule / Reschedule a Test Event](#)' for rescheduling instructions.) You will need to pay with a Visa or Master Card credit/debit card before you can schedule.

If you need assistance scheduling your re-test, please call D&SDT-HEADMASTER at (800)393-8664 during regular business hours, 5:00AM to 5:00PM PT, Monday through Friday, excluding holidays. We can assist you in scheduling a test or re-test date as long as your fees have been paid first.

Test Review Requests

You may request a review of your test results or dispute any other testing condition.

PLEASE READ BEFORE FILLING OUT THE TEST REVIEW REQUEST: Please call D&SDT-Headmaster at (800)393-8664 during regular business hours, 5:00AM to 5:00PM PT Monday through Friday, excluding holidays, and discuss the test outcome you are questioning before committing to paying the \$25 non-refundable test review request deposit. Once you have further details about the scoring of your test, you will often understand the scoring process and learn how to better prepare yourself for subsequent exam attempts. If, after discussion with D&SDT-Headmaster staff, you still have a concern with your testing process that affected the outcome of your exam, you may submit a Test Review Request.

There is a \$25 non-refundable test review deposit fee. To request a review, complete the [Test Review Request and Payment Application](#), available on the California TMU© main page (before you log in to your account) at ca.tmutest.com. Test Review Requests must be received **within three (3) business days** from the official scoring of your test (excluding Saturdays, Sundays, and holidays). Late requests will be denied and will not be considered.

Since one qualification for certification as a nurse aide in California is demonstrated by examination of minimum nurse aide knowledge and skills, the likely outcome of your review will determine who pays for any re-tests granted. The purpose of this review process is to ensure fairness and accuracy in the evaluation of your test. If,

after investigation, the review finding is in your favor, you will be refunded the \$25 test review deposit. If the finding of the review is *not in your favor*, the \$25 test review deposit will stand, and the fee is non-refundable.

D&SDT-Headmaster will review your detailed recollection, your knowledge test markings, and any skill task measurements you recorded at the time of your test, in addition to reviewing markings, notations, and measurements recorded by the RN Test Observer at the time of your test. We will interview the RN Test Observer, Actor, or Knowledge Test Proctor about the facts detailed in your dispute documentation. D&SDT-Headmaster will re-check the scoring of your test and may contact you and/or the RN Test Observer, Actor and/or Knowledge Test Proctor, and other candidates who were on-site at your test event for any additional information about the test event.

After a candidate reaches the age of 18, D&SDT-Headmaster will only discuss test results or test disputes with the candidate. D&SDT-Headmaster will not review test results or disputes with instructors/training programs, family members, or anyone else on behalf of the candidate once the candidate is 18.

D&SDT-Headmaster will complete your review request within ten business days of receiving it within the required timeframe. The final determination of the review results will be sent to the email address listed in your TMU© account, along with a notification to the California Department of Public Health.

The Knowledge/Audio Exam

You will be required to re-present your ID when you enter the knowledge test room and the skills lab for your skills exam. Please keep your ID with you throughout the exam day.

The Knowledge Test Proctor will hand out materials and give instructions for taking the Knowledge Exam. You will have **60 minutes** to complete the **75-question** Knowledge Test. You will be told when fifteen (15) minutes remain. You may not ask questions about the content of the Knowledge Exam (such as “What does this question mean?”).

You must have a 75% or better score to pass the knowledge portion of the exam.

All test sites in California utilize electronic TMU© testing using Internet-connected computers. The Knowledge test portion of your exam will be displayed on a computer screen for you to read and key in your answers.

NOTE: You will need your TMU© Username or Email and Password to sign in to your knowledge exam. Please see the information under ‘**Complete Your Account in TMU©**’ to sign in to your TMU© account.

- The Knowledge Test Proctor will provide you with a code at the test event to start your test.

Knowledge Exam Information

Translators, foreign language dictionaries of any kind, using language translators that are not pre-approved, and electronic dictionaries **are not allowed**.

If needed, you may do math calculations on the scratch paper provided by the KTP. If you need a calculator, please quietly alert the Knowledge Test Proctor; one will be provided.

- *Any scratch paper and/or provided calculator must be left with the KTP when done testing.*

Anyone who takes or tries to take materials, notes, or information from the testing room is subject to prosecution and will be reported to their training program and the California Department of Public Health (CDPH).

THE AUDIO VERSION OF THE KNOWLEDGE EXAM

An audio (oral) version of the knowledge exam is available. However, you must request an Audio version before you submit your testing fee payment. There is an additional \$10 charge for an Audio version of the Knowledge Exam (the total for a Knowledge AUDIO version is \$40).

The questions are neutrally read to you and will be heard through wired headphones or earbuds plugged into the computer. **Bluetooth-connected devices are not allowed.** When taking an Audio version of the Knowledge exam, the audio control buttons will be displayed on the computer screen, enabling you to play, rewind, or pause questions as needed.

Select an Audio Version of the Knowledge Exam

To select the audio version of the knowledge exam, see the following instructions.

-Continued on the next page-

Checking the 'Enable Audio Testing' to receive an Audio version of the Knowledge Exam:

The screenshot shows the IMA Profile page. The page title is 'Profile' with the subtitle 'Change this information to customize your account.' The form contains several fields: Username (iexample), Email (IMA.EXAMPLE@GOOGLE.COM), Change Password (NEW PASSWORD and CONFIRM NEW PASSWORD), Date of Birth (09/01/2001), Gender (MALE, FEMALE, OTHER), Phone ((555) 888-9999), and Notifications (RECEIVE TEXT MESSAGE NOTIFICATIONS checked). Under the 'Testing Preferences' section, the 'ENABLE AUDIO TESTING' checkbox is checked and highlighted with a red bracket. A dark blue callout box on the right contains the following text: 'Remember to check the 'Enable Audio Testing' BEFORE YOU SCHEDULE your knowledge exam. Click on the box to the left of Enable Audio Testing to choose the Audio option of the knowledge exam. Then click Save Changes at the bottom of the screen to save.'

The screenshot shows the IMA Theme selection page. The 'Theme' dropdown menu is set to 'Default'. At the bottom right of the page, the 'Save Changes' button is highlighted with a red bracket. A dark blue callout box from the previous page points to this button.

Remotely Proctored Knowledge Exam Option

REMINDER: You have three (3) attempts to pass the exam's knowledge and skill test portions within two (2) years from your nursing assistant training program completion date. If you do not successfully complete testing within two years from completion of training, you must complete a new California Department of Public Health-approved training program to become eligible to further attempt California NA examinations.

The Manual Skill Exam

- The Skill Test evaluates your performance when demonstrating CDPH-approved nurse aide skill tasks. You will find a complete list of skill tasks in this handbook.
- You will be asked to re-present your ID that you showed the RN Test Observer at check-in.
- Be sure you understand all instructions you read while in the waiting area before you begin your skill task demonstrations. You may not ask questions once the Skill Test begins and the timer starts. Once the Skill Test begins, the RN Test Observer may not answer questions.
- Each of your randomly selected three (3) or four (4) tasks will have scenarios associated with them. The scenarios will be read to you by the RN Test Observer immediately before you are asked to do each task.
- You will be allowed **thirty (30) minutes** to complete your three or four tasks. After fifteen (15) minutes have elapsed, you will be alerted that 15 minutes remain.
- Listen carefully to all instructions given by the RN Test Observer. You may request to have any of the scenarios repeated **at any time** during your Skill Test up until you run out of time or tell the RN Test Observer that you are finished with your skill task demonstrations.
- You must correctly perform all **key** steps (in **bold** font) and 80% of all non-key steps on each task assigned to pass the Skill Test.
- If you believe you made a mistake while performing a task, tell the RN Test Observer you would like to make a correction. You will need to correctly demonstrate the step or steps on the task you believe you performed incorrectly to receive credit for the correction.
- You may repeat or correct **any step** or **steps** on any task you believe you have performed incorrectly at **any time** during your allotted 30 minutes or until you tell the RN Test Observer you are finished with the Skill Test.

- The skill task steps are not order dependent unless the words *BEFORE* or *AFTER* are used in a step.
- When you finish each task, verbally tell the RN Test Observer you are finished and move to the designated “relaxation area.” When the RN Test Observer and actor have set up and are ready for your next skill task demonstration, the RN Test Observer will read the scenario for your next task.
- **All steps must actually be demonstrated. Steps that are only verbalized WILL NOT COUNT.**

Skill Test Recording Form

If your skill test includes a skill task that requires recording a count or measurement, the RN test observer will provide a recording form similar to the one displayed below. You are required to sign the recording form during the demonstration of the equipment/supplies.

Skill Test Tasks

You will be assigned one of the following mandatory tasks with embedded hand washing using soap and water as your first task:

- Assist Resident with the use of a Bedpan, Measure and Record Urine Output with Hand Washing
- Catheter Care for a Female with Hand Washing [\[DEMONSTRATED ON A MANIKIN\]](#)
- Donn PPE (Gown and Gloves), Empty a Urinary Drainage Bag, Measure and Record Urine Output and Remove PPE with Hand Washing
- Perineal Care for a Female with Hand Washing [\[DEMONSTRATED ON A MANIKIN\]](#)

You will also receive an additional two (2) or three (3) randomly selected tasks from the Skill Task listing below. These selected tasks will make up your personalized and unique skill test. Each skill test randomly assigned by the TMU© skill test assignment algorithm will be comparable in overall difficulty.

Skill Tasks Listing

Every step must be performed and demonstrated during your skill test demonstration to receive credit.

The steps listed for each task are required for a nurse aide candidate to successfully demonstrate minimum proficiency in the skill task for the RN Test Observer.

For all of the tasks, the steps will be performed on a live resident actor, except for catheter care for a female and perineal care for a female, which will be demonstrated on a manikin.

You will be scored only on the steps listed. **You must score 80% on each task without missing any key steps (the bolded steps) to pass the skill component of your competency evaluation.** If you fail the Skill Test, one of the tasks on your retest will be a task you previously failed. There will always be one of the first mandatory tasks to start each Skill Test. The other tasks included in your skill test are randomly chosen so that every skill test is comparable in difficulty and has an average length of time to complete.

The RN Test Observer will observe your demonstrations of your skill tasks and record what they see you do. D&SDT-Headmaster scoring teams will officially score and double-check your test.

Please note: The skill task steps included in this handbook are offered as guidelines to help prepare candidates for the California nurse aide skill test. The steps are not intended to provide complete care that would be all-inclusive of best care practiced in an actual work setting.
